

HOW TO - add Internet Subscription Calendar to Apple Calendar

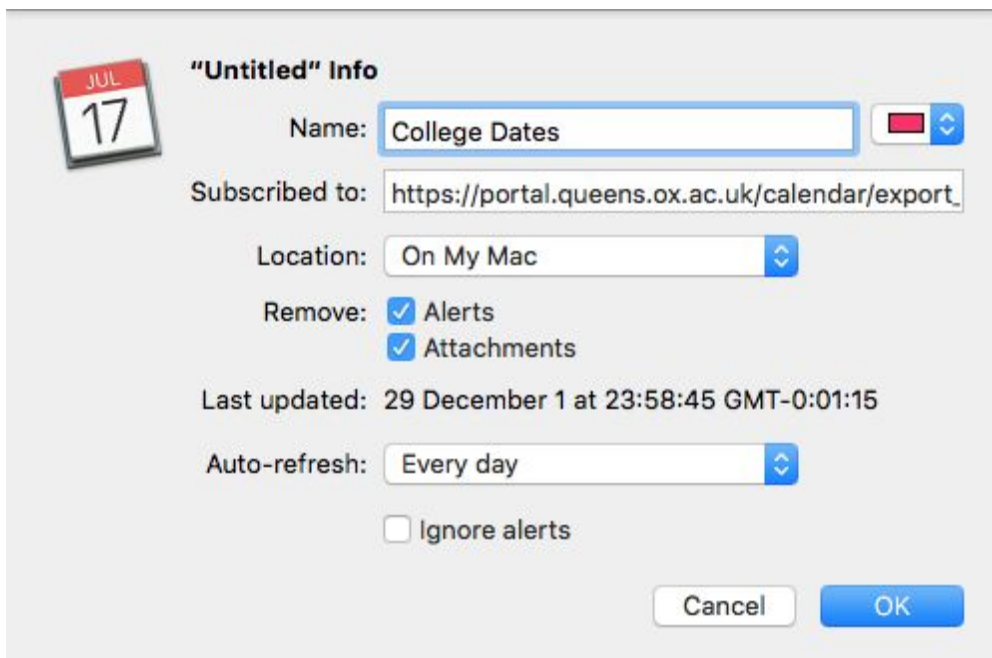

1. The Calendar will have a web address to an .ics or .icl file. Copy the web address to clipboard. *(Press and hold **Ctrl** key and then **click** to get the option to Copy Link address)*
2. Open the Calendar app on your Apple Mac
3. Go to File > New Calendar Subscription...

4. Paste the web address into Calendar URL field

5. Choose a Calendar name and how frequently the calendar should check for new items.

6. Click OK and the Calendar will appear in the Calendar app sidebar.

Unsubscribe from Oxford Dates

Right-click the Calendar in the left hand panel and select **Unsubscribe**.
